Paula Bosel, President
Friends of the Woodland Library
P.O. Box 894
Woodland, WA 98674

Dear Ms. Bosel ("Paula")~

Thank you for your recent letter about your efforts to build a new library in Woodland.

I certainly agree that libraries are more than just a storage place for books. Libraries provide a space for the community and are a valuable resource. They are a place for people of all ages, backgrounds, economic and social status to gather.

I fully support your movement to build a new library in Woodland, and appreciate your effort in doing so. Thank you for writing to me. I look forward to staying in touch and monitoring the progress of the new library.

Best,

Senator Annette Cleveland
49th District
